Re: Certification of Short Term Public Notice Under Rule 51.333(a)

Dear Ms. Dortch:

Frontier Communications submits this Certification of Short Term Public Notice under Rule 51.333(a).¹ Pursuant to the Commission's rules under §§ 51.325 – 51.335, Frontier is providing notification of the replacement of copper loop facilities at locations in the Stonelake subdivision, which is served from the Elk Grove, CA central office (CLLI Code EKGVCAXJ). The subdivision is currently served via fiber to the curb. Frontier is now replacing the copper line from the street curb to the customer's premise.

The majority of customers served by copper at these locations purchase plain old telephone service "POTS". Following transition to fiber, Frontier will continue to offer these customers the same POTS service over fiber at the same price they receive on copper facilities with no change in the underlying features and functionalities in their service.

Frontier publicly posted the attached notice (Number CCBFTR01152) on February 10, 2016 at http://wholesale.frontier.com/wholesale/notifications-and-news, and, as specified in the attached certification, Frontier served all interconnected providers with this notice on February 10, 2016, at least five business days prior to this filing.

Please feel free to contact me if you have any questions.

Respectfully,

/s/ Joe Chicoine
